How to install **ROMAN SHADES**

1 GET RID OF THE CREASES

The best way to get rid of creases is to use clothes steamer. You will need it only once.

2 UNFASTEN THE BRACKET

Your roman shade will arrive with the bracket on cornice. You need to unfasten the bracket by moving the hook **(see the arrow on the picture)**

3 USE THE
SCREWDRIVER

4 POSITION THE BRACKETS

Position the brackets closer to the sides of the cornice

5 INSTALL THE CORNICE

Install the cornice on to the brackets, with the help of the hooks

6 HANG THE SHADE

Hang the shade on the Velcro
